### Our school strategies are on track to meet or exceed our targets

During 2017, we have focused on maximising the benefits of this funding for our students. After reviewing our *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- - Develop a shared understanding of 'data literacy' and support teachers to effectively use data to inform targeted teaching
  - Build teachers' capabilities to develop, implement and embed:
    - Quality teaching and learning practices in English.
    - The Giru State School evidence-based model of Guided Reading and Intervention
  - Implement a case management approach for students 'at risk' of not achieving:
    - A 'C' standard or better for English; or
    - At/ above the North Queensland Region's Reading Benchmarks and/or not demonstrating growth in their reading.
